Probably the dupe of the letter to Bush was intended for Howard, who has not responded to my inquiry because they have four semesters down there and a new one is just beginning. He will and I'll let you know. Glad you agree the thing to do is keep the pressure on the bums as best the weak can pressure the strong. We are of some effect and I constant seek new ways. Sent JL one yesterday, transcript suit. He'll be filing one I sent last week when he can this week. As you can see I've sent him the check. You know how much we appreciate it. Thanks. Please watch for any stories out there on the new internal DJ King "investigation."

Best, HW 6/24/76
